FENNELL ORCHID COMPANY

Homestead, Fla.

Department of Agriculture

SPECIAL LIST OF COMMUNITY POTS**3" POTS CONTAINING 15 TO 30 FINE YOUNG PLANTS,
AT THE VERY SPECIAL LOW PRICE OF \$12.50 PER POT**

R182—(LC Pamela x C. Gatton Ruby) x LC Sam Houston—Both parents very fine, dark, winter blooming, floriferous.

R191—C. trianaei x BC Hartland—Should make a dark, fine, large winter B rasso.

R216—C. Belgica x LC Hertha—This should be one of the very best winter blooming Laelio-cattleyas. Remy Chollet blood here.

R201—Lc Tirlemont x C. Nutey alba.—Both plants white with colored lips, late winter and spring blooming—should be very fine.

R199—C. Fabia x LC Princess Ishtar—Two dark and fine parents. Ishtar is one of the roundest, darkest LC's we have seen while Fabia is very dark and large. Fall and early winter.

R207—C. Fabia x BC Hartland—Hartland is one of the best dark Brassos, Fabia is large dark and fine. Fall and winter.

R202—C. Fabia x LC Ravenglass—Two very free flowering, dark parents used here. Should be a winner.

R206—LC Ivanhoe x BC Hartland—This should make an excellent, free flowering BLC. Both parents of show quality. Winter.

R200—LC Princess Prudence x LC Ravenglass—With long blooming season and very high quality both parents should make this a very fine cross.

R194—C. Remy Chollet x C. trianaei—Two large and beautifully shaped cattleyas. This Remy Chollet is a massive, round bloom of highest quality while the trianaei is also one of the very best. This makes C. Ralph Chambers.

**SPECIAL COLLECTION—ONE EACH OF THE 10 POTS ABOVE FOR
ONLY \$115.00**

R193—Dendrobium Ainsworthiae x D. Thwaitesiae—This should be a very interesting and showy dendrobium hybrid.

R415—Phalaenopsis Confirmation x Phalaenopsis Doris—Our very fine Confirmation combined with Doris should give very heavy, white or blush pink flowers with perfect shape and form, large size.

**COLLECTION OF ALL 12 POTS ABOVE, ONE EACH FOR
ONLY \$135.00**
